ORGASMOBILE: Guerilla-Performance in Basel

Maggie Tapert plans a covert operation at LISTE '09 Festival – although she's officially too old....

“Too old!” was the answer of the organizers when Maggie Tapert presented her freshly hatched ORGASMOBILE in the category “performance art” at the **LISTE '09** (the young artists/young gallery festival that is part of ART Basel). But don't imagine for a minute that Zurich's infamous sexpert could be put off so easily. After her recent appearance on Swiss TV talk show AESCHBACHER, she decided to go ahead anyway and pull her pleasure palace, in a covert operation, through the streets of Basel.

Tapert will appear with the ORGASMOBILE, crammed full of super-vibrators, on **Thursday, 11. June 2009 from 16.00** on, at the main entrance of **LISTE '09** (www.liste.ch) on the Warteck-Areal.

She will invite women to join her PLEASURE REVOLUTION.
Her offer: “Orgasm guaranteed!” Come, step inside...

Orgasm Guaranteed! Maggie Tapert in her self-built ORGASMOBILE uses the traveling Temple of Lust for improvisational Street Theater.
